SPONSORSHIP OPPORTUNITIES

Did you know that Sacramento is the top refugee resettlement destination in the United States? Thousands of refugees from around the world have come to Sacramento in order to rebuild their lives free of persecution and violence. World Relief welcomes them from the first moments they arrive at the airport, building towards long-term integration with services like English classes, employment assistance, and housing support.

Pedal to Resettle is a cycling event to raise awareness and funds to support refugees who have come to Northern California. Approximately fifty riders will participate and share about the cause with thousands of people within their networks, raising funds that are essential to the work of World Relief in welcoming refugees. Your support makes it all possible.
